

**NETTC**  
**Northern Closed 2018**  
**29<sup>th</sup> & 30<sup>th</sup> September 2018**  
**Stockton**

**Competition information – v2**

Issues with the scoring package now appear to have been resolved so significant revisions are not anticipated.

Changes include withdrawals, team changes and late entries from clubs. In addition some categories have been combined to produce larger competition groups. Where there has been a significant change on the timetable it has been highlighted.

No further changes will be accepted with the exception of errors made by NETTC, team changes that do not produce additional teams and changing of names of synchro pairings where an entry in the appropriate category already exists.

All DMT competitors and all competitors in TRI and TRS senior categories are required to provide a difficulty card prior to the start of their round.

**NETTC North of England Championships - Stockton - 2018-09-28 & 2018-09-29**

**Timetable (v2)**

Please note that, after the first category, we reserve the right to run up to 60 minutes ahead of the published times.

**Saturday**
