Competition structure

The competition structure this year consists of two regional qualifiers, a regional challenge cup championships and an inter-regional challenge cup final. As a region we will continue to allow ‘out of age’ competitors to participate in the regional challenge & club cup championships.

In order to qualify from the two regional qualifiers into the regional challenge & club cup championships, competitors must achieve a minimum score (except club level disabilities). Some of these have been dictated by British Gymnastics nationally and others have been determined by the regional technical committee. Note that for all requirements dictated by the national TC, if there is a conflict in requirements, the nationally published criteria will take priority.

To qualify from the regional challenge & club cup championships to represent the region at the inter-regional challenge cup final, which is only available for age groups specified in the British Gymnastics published competition information [here](#), trampoline competitors must place first or second (depending on category) and pass the range & conditioning routine. DMT competitors must achieve the scores set out later in this information, pass the range & conditioning assessment and be placed first or second in the regional challenge cup championships (depending on category).

Two opportunities to pass the range & conditioning assessment will be provided this year. At the two qualifying competitions, competitors in eligible age groups (those who have the potential to progress from the regional challenge cup championships to the inter-regional challenge cup final) may present themselves for assessment during the slot timetabled on panel 3 at the end of the morning or the end of the afternoon. Competitors from Aerodyne, Aeronauts, Apollo, Carlisle, North Star, Park Elite and Trampoline Life will have their first R&C attempt at the first qualifier (19th February) and competitors from AAA, Velocity and Wansbeck will have their first R&C attempt at the second qualifier (7th May).

Any competitors who don’t pass their R&C assessment will have one further attempt at the regional challenge cup final. In the event of a tied place at the regional challenge cup final, which requires R&C to break the tie, both competitors must re-attempt the R&C assessment, in front of the same panel, to break the tie. Failure to do so will result in the other competitor prevailing.

The following competitors from AAA will not be permitted a R&C assessment on 7th May as they were assessed on 19th February; Sofia Q, Niamh C, Ava L, Oliver M, Lucas G, Leah-Paige W, Gabriel K, Freya T, Penny P and Annabelle J.
